

## Stathern Primary School Pupil Survey June 2023

### Results from - 2022-23

What you said... Last year you said you would like:	What we did... This year you recognised that:
We get rid of the old stuff, dictionaries and thesauruses are trashed, curtains are ripped, fresh paint	New decoration has been completed and toilets refreshed. A new premises officer who does a good job.
Improve the playground markings	School Council was introduced and have an objective to develop the playground. This is being supported by Mrs Lambert and all of the governors.
Improve the toilets - they get blocked and could be cleaner	New premises officer makes sure that the toilets are cleaned better and Mrs Lambert reports any issues to the local authority
We need more space	Classrooms have been decorated and we are beginning to invest in new furniture. Next year staff are moving larger classes into the bigger classroom.
Safer car parking around the school	Mrs Lambert regularly works with parents and the local community to address this. She reminds parents about parking and dropping off. We have health and safety governors who help to monitor this too.
Doors are heavy and need to be easier to open	Mrs Lambert and the health and safety governors worked hard to address this especially with the new back door.
Equality - can we make sure that more people get chosen to represent the school	The school council was elected as part of a democratic process and have designed, made and give out new motto badges

### To the pupils of Stathern Primary School

Dear all,

This year the governors asked the new School Council to carry out a survey to see what you think about Stathern Primary School. We would like to thank them for carrying this out so diligently. As Chair of Governors, I met with Beth as Chair of the School Council, and she told me all about what you said.

Beth also reported this in a little video which we watched at our governor meeting last week. We recorded a thank you to send back.

Here is a short summary of what you said.

### **We love our school because...**

- We have a worry box to feel safe
- There is a mix of exciting lessons
- We like having mixed-age-group lessons
- Art week and Science weeks were AMAZING!
- We feel safe in the learning environment
- The new decoration is GOOD
- We love playtimes
- The teachers are AMAZING and help us to learn in exciting lessons
- We are fascinated by new things all of the time and we inspire each other
- Everyone is kind
- We feel safe
- There is always someone to help me

### **We think it could be even better in the future if...**

- bigger school dinners
- have another worry box if people are embarrassed
- new playground markings
- flowers in the playground and pots and gardening club
- new dictionaries and thesauruses
- Culture days or focus weeks

We will share this with staff, governors and parents and look forward to working on these things in September.
